

# Standardized Test Analysis & Reporting System

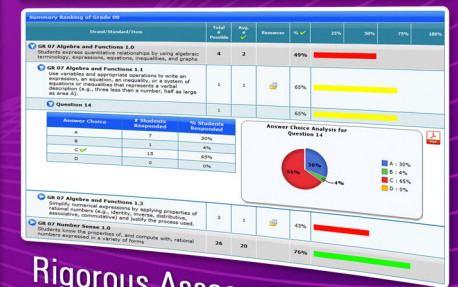

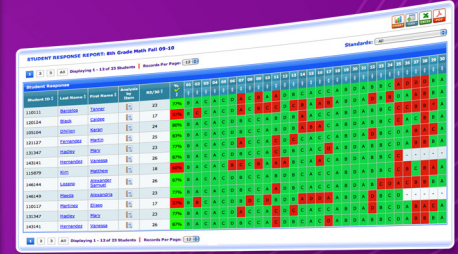

Reach for the STARS to achieve success

Powerful Item Analysis & Seamless Scanning

Intuitive, Easy-to-Navigate Platform

Rigorous Assessments Aligned to State & National Standards

**STARS™** A Revolutionary Assessment and Data Management System for Educators. **STARS™** is a comprehensive, teacher-friendly analysis and reporting system that allows educators to enact change where it counts the most: the classroom. **STARS™** supports data driven decisions while centralizing critical data from across the district.

- » User-based dashboards deliver instantaneous, actionable data to teachers, principals and district leaders
- » More than just a reporting tool: **STARS™** includes lesson plans and a host of instructional resources designed to improve teaching and learning
- » Features automatic, nightly roster updates
- » Choose from three, high quality item banks
- » Allows educators to easily identify growth patterns and monitor progress along multiple measures
- » One-click, robust report generation and analyses by subgroups to ensure all learners are progressing
- » Create and deliver benchmark and formative assessments quickly and easily

Let SchoolCity be a part of your success story
